Final Hazard Mitigation Plan Update Draft: Public Comment Sought

LAKE COUNTY, CA –The Lake County Sheriff's Office of Emergency Services (Lake County OES) seeks public comment on the Hazard Mitigation Plan Update final working draft on or before **May 26, 2023, by 5:00 PM.** Minor edits may be made, and some data is being finalized before incorporation of public comment and final submission to Cal OES in June.

The Plan Update began in September 2022, when the Board of Supervisors established a Hazard Mitigation Planning Committee (HMPC) chaired by Lake County OES and comprised of County and local stakeholders including one member from each supervisorial district. Information from each meeting and session is available online at www.lakesheriff.com/about/oes/hmp.

Lake County OES facilitated the Plan Update and engaged County Department's and stakeholders (referred to as the working group) to complete each section of the Plan Update. This is the second draft release to request public comment.

Public Participation Encouraged

To view the working draft, visit www.lakesheriff.com/about/OES/HMP.

Additional opportunities for information and feedback are available several ways:

- * Follow www.facebook.com/lakecountyOES for ongoing public information and education regarding hazard mitigation and all things emergency management.

- * Visit any Lake County Library branch to review hard copies of all planning components during the planning process.

- * Visit www.lakesheriff.com/about/OES/HMP to learn more about hazard mitigation, the planning process and progress, upcoming events and more.

Please submit all comments by email to lakesheriffoes@lakecountyca.gov.
